

Action Item: 15-18 **Request for Approval of 2014 Coal Combustion Products Study as required by the Coal Ash Management Act and to proceed to the Environmental Review Commission**

Explanation: Session Law 2014-122 Section 4(d) required that DENR and the EMC jointly review regulations relative to coal combustion product structural fills and other beneficial reuses. An interim report was sent to the Environmental Review Commission in January 2014. The final report will be presented to the EMC for approval.

Recommendation: Staff recommends approval of the 2014 Coal Combustion Products Study and to proceed to the Environmental Review Commission.
